

## Top 20 Abstract Submissions

1. Gill, Dalvir – Original research from Hartford Hospital, ‘Infective endocarditis following transcatheter aortic valve replacement’.
2. Wang, Yanting – original research from Yale, ‘Impact of sex on outcomes in TAVR: results of a single center registry’.
3. Duarte Lau, Freddy – original research from Bridgeport, ‘Trends in cardiopulmonary resuscitation in a community hospital in the pre and post COVID era’.
4. Randhawa, Ravneet – case from UCONN, ‘Post-viral cardiac tamponade in a patient with COVID-19’.
5. Stawiarski, Kristin – case from Bridgeport, ‘Unexpected cytology in a pericardial effusion’.
6. Mirzaei, Mojtaba – case from Yale, ‘Hemorrhagic cardiac tamponade in a patient with COVID-19 and end stage renal disease’.
7. Memon, Sarfaraz – case from Hartford Hospital, ‘A rare case of platypnea;orthodeoxia syndrome, masquerading as acute respiratory failure’.
8. Robles, Nicholas – case from CCMC, ‘Ascending-descending aortic bypass for recurrent coarctation’.
9. Uzochukwu, Ibe – case from Danbury, ‘Post-infarction ventricular septal ruptures during the COVID-19 pandemic: a case series’.
10. Bahgat, Joseph – case from Stamford, ‘Myopericarditis as a rare presentation of COVID infection’.
11. See, Claudia – original research from Yale, ‘Impact of persistent vs non-persistent conduction abnormalities within 7 days post TAVR on mortality: results of a single center prospective registry’.
12. Perdomo, Wendy – original research from Danbury, ‘Cardiovascular outcomes in patients with celiac disease: an insight from the national inpatient sample’.
13. Pruthi, Sonal – case from Hartford hospital, ‘Pulmonary arteriovenous malformation with concomitant PFO: a rare cause of ischemic stroke’.
14. Duarte Lau, Freddy – case from Bridgeport, ‘Concealed accessory pathway in a senior adult’.
15. Alvarez, Chikezie – case from Hartford Hospital, ‘Deglutition triggered atrial fibrillation in a patient with Laing distal myopathy’.
16. Bhumi, Sriya – case from UConn, ‘A mess of a dress: medical therapies after DES placement in the setting of clopidogrel induced DRESS’.
17. Flerlage, Elizabeth – case from CCMC, ‘Giant pulmonary artery pseudoaneurysm’.
18. Schermerhorn, Jenna – case from CCMC, ‘Successful pregnancy following mid lung exclusion in a cyanotic Fontan patient.’
19. Singh, Manila – case from UCONN, ‘Endocarditis with coronary-cameral fistula’.
20. Wagner, Hilary – case from UCONN, ‘Pheochromocytoma induced takotsubo cardiomyopathy and recurrent reverse takotsubo cardiomyopathy’.

The top ten participants will present at the Annual Meeting on April 14, 2021.

The CCACC Congratulates everyone who participated in this year’s event!
